Drow of the Underdark Robert J. Schwalb, Ari Marmell, Anthony Pryor, Greg A. Vaughn, 2007 This supplement provides the definitive treatise on the drow, arguably the games most evocative evil race. Everything readers want to know about drow and their subterranean homeland can be found in this tome.

Beyond Boundaries Miguel Nicolelis, 2012-02-28 Imagine living in a world where people use their computers, drive their cars, and communicate with one another simply by thinking. In this stunning and inspiring work, Duke University neuroscientist Miguel Nicolelis shares his revolutionary insights into how the brain creates thought and the human sense of self—and how this might be augmented by machines, so that the entire universe will be within our reach. *Beyond Boundaries* draws on Nicolelis's ground-breaking research with monkeys that he taught to control the movements of a robot located halfway around the globe by using brain signals alone. Nicolelis's work with primates has uncovered a new method for capturing brain function—by recording rich neuronal symphonies rather than the activity of single neurons. His lab is now paving the way for a new treatment for Parkinson's, silk-thin exoskeletons to grant mobility to the paralyzed, and breathtaking leaps in space exploration, global communication, manufacturing, and more. *Beyond Boundaries* promises to reshape our concept of the technological future, to a world filled with promise and hope.

The East India Company at Home, 1757-1857 Margot Finn, Kate Smith, 2018-02-15 *The East India Company at Home, 1757-1857* explores how empire in Asia shaped British country houses, their interiors and the lives of their residents. It includes chapters from researchers based in a wide range of settings such as archives and libraries, museums, heritage organisations, the community of family historians and universities. It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain. The volume focuses on the propertied families of the East India Company at the height of Company rule. From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in 1857, objects, people and wealth flowed to Britain from Asia. As men in Company service increasingly shifted their activities from trade to military expansion and political administration, a new population of civil servants, army officers, surveyors and surgeons journeyed to India to make their fortunes. These Company men and their families acquired wealth, tastes and identities in India, which travelled home with them to Britain. Their stories, the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them, frame our

explorations of imperial culture and its British legacies.

Game + Design Education Özge Cordan, Demet Arslan Dinçay, Çağıl Yurdakul Toker, Elif Belkıs Öksüz, Sena Semizoğlu, 2021-07-19 This book gathers the papers of the PUDCAD Universal Design Practice Conference: Game + Design Education, organized by Istanbul Technical University and held online on June 24-26, 2020. The conference represented one of the key events of the Practicing Universal Design Principles in Design Education through a CAD-Based Game (PUDCAD) project, which developed a design game on a CAD-based platform, enabling students and designers to learn about universal design principles and develop accessible and innovative design ideas. As such, the PUDCAD project met one of the foremost goals of the European Commission, making sure the inclusion and efficient accessibility for people with disabilities into everyday life. The main topics of the conference include: universal design and education, universal design and user experience, game and design studies, gamification, virtual reality experiment, e-learning in design, and playful spaces and interfaces. The contributions, which were selected by means of a rigorous international peer-review process, highlight numerous exciting ideas that will spur novel research directions and foster multidisciplinary collaboration among different specialists.

The Translation of Realia and Irrealia in Game Localization Silvia Pettini, 2021-09-19 This book explores the impact of a video game's degree of realism or fictionality on its linguistic dimensions, investigating the challenges and strategies for translating realia and irrealia, the interface of the real world and the game world where culture-specificity manifests itself. The volume outlines the key elements in the translation of video games, such as textual non-linearity, multitextuality, and playability, and introduces the theoretical framework used to determine a game's respective degree of realism or fictionality. Pettini applies an interdisciplinary approach drawing on video game research and Descriptive Translation Studies to the linguistic and translational analysis of in-game dialogs in English-Italian and English-Spanish language pairs from a corpus of three war video games. This approach allows for an in-depth look at the localization challenges posed by the varying degree of realism and fictionality across video games and the different strategies translators employ in response to these challenges. A final chapter offers a comparative analysis of the three games and subsequently avenues for further research on the role of culture-specificity in game localization. This book is key reading for students and scholars interested in game localization, audiovisual translation studies, and video game research.

Women's Lived Experiences of the Gender Gap Angela Fitzgerald, 2022-07-05 This book explores gender inequity and the gender gap from a range of perspectives including historical, motherhood, professional life and diversity. Using a

narrative approach, the book shares diverse experiences and perspectives of the gender gap and the pervasive impact it has. Through authors' in-depth insights and critical analysis, each chapter addresses the gender gap by providing a nuanced understanding of the impact of the particular lens. It shares a holistic understanding of lived experiences of gender inequity. The book offers interdisciplinary insights into current political, social, economic and cultural impacts on women and their lived experiences of inequity. It provides multiple voices from across the world and draws on narrative approaches to sharing evidence-based insights. It includes further insights and critique of each chapter to widen the perspectives shared as the gender gap is explored and provide rigorous discussion about what possibilities and challenges are inherent in the proposed solutions as well as offering new ones. Chapter 10 and chapter 11 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Masters Theses in the Pure and Applied Sciences Wade H. Shafer,1975-02-01 Masters Theses in the Pure and Applied Sciences was first conceived, published, and disseminated by TPRC at Purdue University in 1957, starting its coverage of theses with the academic year 1955. Beginning with Volume 13, the printing and dissemination phases of the activity was transferred to University Microfilms/Xerox of Ann Arbor, Michigan, with the thought that such an arrangement would be more beneficial to the academic and general scientific and technical community. After five years of this joint undertaking we have concluded that it will be in the interest of all concerned if the printing and distribution of the volume were handled by a well-known publishing house to assure improved service and better communication. Hence, effective with this Volume 18, Masters Theses in the Pure and Applied Sciences will be disseminated on a worldwide basis by Plenum Publishing Corporation of New York. All back issues can also be ordered from Plenum. As we embark on this new partnership with Plenum, we also initiate a new venture in that this important annual reference work now covers Canadian universities as well as those in the United States. We are sure that this broader base will greatly enhance the value of these volumes.

Doctor Who: How to be a Time Lord - The Official Guide ,2018-08-30 This ancient Time Lord manual has been kicking

around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

The Pale King David Foster Wallace, 2011-04-06 The Pale King is David Foster Wallace's final novel - a testament to his enduring brilliance The Internal Revenue Service Regional Examination Centre in Peoria, Illinois, 1985. Here the minutiae of a million daily lives are totted up, audited and accounted for. Here the workers fight a never-ending war against the urgency of their own boredom. Here then, squeezed between the trivial and the quotidian, lies all human life. And this is David Foster Wallace's towering, brilliant, hilarious and deeply moving final novel. 'Breathtakingly brilliant, funny, maddening and elegiac' New York Times 'A bravura performance worthy of Woolf or Joyce. Wallace's finest work as a novelist' Time 'Light-years beyond Infinite Jest. Wallace's reputation will only grow, and like one of the broken columns beloved of Romantic painters, The Pale King will stand, complete in its incompleteness, as his most substantial fictional achievement' Hari Kunzru, Financial Times 'A paradise of language and intelligence' The Times 'Archly brilliant' Metro 'Teems with erudition and ideas, with passages of stylistic audacity, with great cheerful thrown-out gags, goofy puns and moments of truly arresting clarity. Innovative, penetrating, forcefully intelligent fiction like Wallace's arrives once in a generation, if that' Daily Telegraph 'In a different dimension to the tepid vapidity that pass as novels these days. Sentence for sentence, almost word for word, Wallace could out-write any of his peers' Scotland on Sunday David Foster Wallace wrote the novels Infinite Jest and The Broom of the System, and the short-story collections Oblivion, Brief Interviews with Hideous Men and Girl with Curious Hair. His non-fiction includes Consider the Lobster, A Supposedly Fun Thing I'll Never Do Again, Everything and More, This is Water and Both Flesh and Not. He died in 2008.

A Lady's Guide to Selling Out Sally Franson, 2023-11-07 With "elements of The Bold Type, Mad Men, and The Devil Wears Prada" (Entertainment Weekly), a young woman navigates a tricky twenty-first-century career—and the trickier question of who she wants to be—in this savagely wise debut novel. At 28, Casey Pendergast is not where she thought she'd be. Sure, she's killing it at her high-paying advertising job, but when she thinks about the idealistic English major she used to be, she can't help the nagging feeling that perhaps her best friend Susan is right - Casey is a sellout who's traded her dreams for a high-rise condominium, expense account, and designer handbags. When her boss assigns her to a lucrative new campaign to lure acclaimed authors into becoming content creators for corporations, Casey doubts that her literary idols will buy into this particular brand of capitalism. But determined to give it her best shot, she begins her trek across America, only to find herself stunned by how easily these writers agree to compromise their work and integrity in exchange for some extra

cash. As she grapples with her own conscience, and falls in love with one of the authors she's courting, Casey begins to question just how much she's willing to sacrifice to chase material success. A witty and razor-sharp coming of age story perfect for our time, *A Lady's Guide to Selling Out* is a winning debut novel about a young woman navigating career, love, and friendships, all while redefining success on her own terms and figuring out who she really wants to be.
